Dear Sir:

This renewed petition is being filed in view of the decision mailed May 14, 2007. Reconsideration is again requested.

In the decision of May 14, 2007, the PCT Legal Examiner has faulted, yet again, the provision of the requirements of (3), that being a copy of the docket record where the non-received Office Action would have been entered had it been received. The Legal Examiner goes on to suggest that docket records having a base date of July 22, 2005 should be provided.

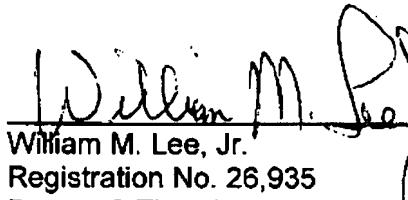

The records previously provided to the Patent and Trademark Office were all those U.S. matters having an indicated date of September 22, 2005 and a base date of July 22, 2005. Those provided were all of the records of the firm of the undersigned having a base date of July 22, 2005 no matter when the final due date may have been. No cases were overlooked, and all U.S. cases having a July 22, 2005 base date (that is, of mailing by the Patent and Trademark Office) have been included. As can be seen, there is no record for this application because no Notification of Missing Requirements was ever received.

So that there is no question, also submitted herewith is the record of all matters (not just U.S.) having the base date of July 22, 2005. The first sheet is a summary of the following 28 sheets. Again, as would be expected since the PTO has seen all U.S. matters, there is no record for this application.

It is therefore requested that the Petition again be reconsidered and the application revived. Any inquiries should be directed to the undersigned.

Respectfully submitted,
